1 INTRODUCTION
The availability of comprehensive crime and justice figures is necessary for informed public debate and the development and evaluation of targeted crime prevention strategies.

This publication is the twentieth in a series of quarterly reports and presents important crime and justice statistics relating to the Northern Territory. This publication covers the period June Quarter 2005 to the June Quarter 2007, presenting statistics that address four main areas:

- offences recorded by the Police;
- prisoners and detainees in correctional facilities;
- outcomes for drug offences; and
- court outcomes for aggravated property offences.

This publication was compiled by the Research and Statistics Unit of the Department of Justice. One of the major roles of the Unit is to collate, analyse and publish comprehensive crime and justice statistics. The Northern Territory Quarterly Crime and Justice Statistics publication will be publicised and freely available to the public via the website <www.crimeprevention.nt.gov.au>.

1.1 INTENDED AUDIENCE
This report contains statistics and commentary to inform the Northern Territory community and those organisations interested in trends and patterns in key crime indicators. Researchers and private and public agencies may also find this report both interesting and informative.

1.2 USE
Statistics in the Territory can be highly volatile, with large swings from one period to another. This is particularly the case for regional centres where small populations and changes in operational or administrative procedures may heavily influence statistics. Consequently, wherever possible crime and justice data is reported in this publication within an historical context to allow the reader to understand recent changes from a broader perspective.

Due to the complexity of crime and justice issues the statistics in this report may be misinterpreted. Consideration of the source of the data and what it represents is required before useful conclusions can be drawn. Supplementary notes and a glossary (which may be used to gain a fuller understanding of the contents of this report) are available at the end of the publication.

1.3 DATA SOURCES
The data used in the compilation of this report was sourced primarily from operational systems maintained by the Northern Territory Government. Consequently, as cases proceed through the criminal justice system new information may come to light that results in minor changes in statistics from one publication to another.

The data used in sections describing offences recorded by the NT Police was extracted from the Police Real-time On-line Management Information System. This is an operational system run by the Police that contains data relating to incidents and offences recorded by the Police.

The data used in the sections describing outcomes for offences was extracted from the Integrated Justice Information System. This is an operational system run by the Department of Justice containing data relating to NT Correctional Services, Courts Administration and Infringement Notices.

Data on the daily average number of prisoners and detainees has been obtained from records maintained by Northern Territory Correctional Services.
2 OVERVIEW

2.1 OFFENCES RECORDED BY THE POLICE

The following is a summary of the findings relating to key offence groups recorded by the Police for the Northern Territory as a whole, six major urban centres and the Northern Territory Balance.

A statistical test has been applied to the last 12 months of the recorded crime data to identify any upward or downward trends. The last 12 months data is considered to be stable unless a statistically significant trend is reported.

2.1.1 Northern Territory

Offences Against the Person

In the current quarter, the total number of recorded offences against the person was 1605; assault accounted for 90% and sexual assault 6%. The remaining offences were murder, attempted murder, robbery and other offences against the person. There were no recorded offences relating to manslaughter in this quarter.

- The underlying average level of assault has ranged between 329 and 471 offences per month during the past nine quarters. Its current level of 471 per month is at the higher end of the range. Over the past 12 months the underlying average increased early in the period and increased in the middle of the period. A statistically significant upward trend was identified (refer Figure 2).

There were 1450 recorded assault offences in the Territory in the current quarter. This represents an increase of 13% (164) from the previous quarter and an increase of 41% (420) from the same quarter the previous year.

- The underlying average level of sexual assault has ranged between 27 and 31 offences per month during the past nine quarters. Its current level of 31 per month is at the higher end of the range. Over the past 12 months the underlying average has remained stable (refer Figure 3).

There were 92 recorded sexual assault offences in the current quarter. This represents an increase of 15% (12) from the previous quarter and an increase of 33% (23) from the same quarter the previous year.

Property Offences

In the current quarter, the total number of recorded property offences was 5223; property damage accounted for 37% and other theft 36%. The remaining offences were house break-ins, break-ins to commercial or other premises, motor vehicle theft and related offences and other property offences.

- The underlying average level of house break-ins has ranged between 157 and 171 offences per month during the past nine quarters. Its current level of 171 per month is at the higher end of the range. Over the past 12 months the underlying average has remained stable (refer Figure 6).

There were 464 house break-ins recorded in the current quarter. This represents a decrease of 14% (74) from the previous quarter and a decrease of 14% (74) from the same quarter the previous year.

- The underlying average level of break-ins to commercial or other premises has ranged between 90 and 159 offences per month during the past nine quarters. Its current level of 159 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period (refer Figure 7).

There were 466 break-ins to commercial or other premises recorded in the current quarter. This represents a decrease of 3% (16) from the previous quarter, but an increase of 20% (78) from the same quarter the previous year.

- The underlying average level of motor vehicle theft and related offences has ranged between 108 and 144 offences per month during the past nine quarters. Its current level of 144 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period. A statistically significant upward trend was identified. (refer Figure 8).
There were 480 motor vehicle theft and related offences recorded in the current quarter. This represents an increase of 38% (132) from the previous quarter and an increase of 25% (95) from the same quarter the previous year.

- The underlying average level of other theft has ranged between 585 and 707 offences per month during the past nine quarters. Its current level of 647 per month is in the middle of the range. Over the past 12 months the underlying average decreased early in the period (refer Figure 9).

There were 1859 other theft offences recorded in the current quarter. This represents a decrease of 8% (155) from the previous quarter and a decrease of 7% (132) from the same quarter the previous year.

- The underlying average level of property damage has ranged between 483 and 663 offences per month during the past nine quarters. Its current level of 663 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period (refer Figure 10).

There were 1935 property damage offences recorded in the current quarter. This represents a decrease of 6% (113) from the previous quarter, but an increase of 8% (149) from the same quarter the previous year.

2.1.2 Darwin

Offences Against the Person

In the current quarter, a total of 529 offences against the person were recorded in Darwin; assault accounted for 90% and sexual assault 6%. The remaining offences were attempted murder, robbery and other offences against the person. There were no recorded offences relating to murder or manslaughter in this quarter.

- The underlying average level of assault has ranged between 83 and 114 offences per month during the past nine quarters. Its current level of 114 per month is at the higher end of the range. Over the past 12 months the underlying average increased early in the period. A statistically significant upward trend was identified (refer Figure 12).

There were 476 recorded assault offences in Darwin in the current quarter. This represents an increase of 72% (199) from the previous quarter and an increase of 88% (223) from the same quarter the previous year.

- The underlying average level of sexual assault has ranged between 8 and 14 offences per month during the past nine quarters. Its current level of 10 per month is in the middle of the range. Over the past 12 months the underlying average decreased in the middle of the period (refer Figure 13).

There were 30 recorded sexual assault offences in the current quarter. This represents a decrease of 6% (2) from the previous quarter, but an increase of 50% (10) from the same quarter the previous year.

Property Offences

In the current quarter, the total number of recorded property offences in Darwin was 2557; property damage accounted for 38% and other theft 36%. The remaining offences included house break-ins, break-ins to commercial or other premises, motor vehicle theft and related offences and other property offences.

- The underlying average level of house break-ins has remained stable at 85 offences per month during the past nine quarters (refer Figure 16).

There were 235 house break-ins recorded in the current quarter. This represents a decrease of 14% (37) from the previous quarter and a decrease of 17% (49) from the same quarter the previous year.

- The underlying average level of break-ins to commercial or other premises has ranged between 30 and 61 offences per month during the past nine quarters. Its current level of 61 per month is at the higher end of the range. Over the past 12 months the underlying average has remained stable (refer Figure 17).
There were 206 break-ins to commercial or other premises recorded in the current quarter. This represents an increase of 22% (37) from the previous quarter and an increase of 40% (59) from the same quarter the previous year.

- The underlying average level of motor vehicle theft and related offences has ranged between 57 and 74 offences per month during the past nine quarters. Its current level of 74 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period (refer Figure 18).

In the current quarter there were 235 motor vehicle theft and related offences. This represents an increase of 27% (50) from the previous quarter and an increase of 15% (31) from the same quarter the previous year.

- The underlying average level of other theft has ranged between 297 and 380 offences per month during the past nine quarters. Its current level of 311 per month is at the lower end of the range. Over the past 12 months the underlying average decreased early in the period and in the middle of the period. A statistically significant downward trend was identified (refer Figure 19).

There were 916 other theft offences recorded in the current quarter. This represents a decrease of 4% (34) from the previous quarter and a decrease of 13% (134) from the same quarter the previous year.

- The underlying average level of property damage has ranged between 228 and 348 offences per month during the past nine quarters. Its current level of 332 per month is at the higher end of the range. Over the past 12 months the underlying average decreased early in the period and increased in the middle of the period (refer Figure 20).

There were 959 property damage offences recorded in the current quarter. This represents a decrease of 1% (12) from the previous quarter, but an increase of 1% (6) from the same quarter the previous year.

2.1.3 Palmerston

Offences Against the Person

In the current quarter, the total number of offences against the person recorded in Palmerston was 119; assault accounted for 85% and sexual assault 7%. The remaining offences were robbery and other offences against the person. There were no recorded offences relating to murder, attempted murder or manslaughter in this quarter.

- The underlying average level of assault has ranged between 16 and 31 offences per month during the past nine quarters. Its current level of 31 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period. A statistically significant upward trend was identified (refer Figure 22).

There were 101 recorded assault offences in Palmerston in the current quarter. This represents an increase of 6% (6) from the previous quarter and an increase of 124% (56) from the same quarter the previous year.

Property Offences

In the current quarter, the total number of recorded property offences in Palmerston was 662; both other theft and property damage accounted for 34% each. The remaining offences were house break-ins, break-ins to commercial or other premises and motor vehicle theft and related offences. There were no recorded offences relating to other property offences in this quarter.

- The underlying average level of house break-ins has ranged between 16 and 30 offences per month during the past nine quarters. Its current level of 22 per month is in the middle of the range. Over the past 12 months the underlying average decreased early in the period (refer Figure 24).

There were 72 house break-ins recorded in the current quarter. This represents a decrease of 1% (1) from the previous quarter and a decrease of 8% (6) from the same quarter the previous year.

- The underlying average level of break-ins to commercial or other premises has ranged from 8 to 13 offences per month during the past nine quarters. Its current level of 13 per month is at the
higher end of the range. Over the past 12 months the underlying average has remained stable (refer Figure 25).

There were 62 break-ins to commercial or other premises recorded in the current quarter. This represents an increase of 48% (20) from the previous quarter and an increase of 94% (30) from the same quarter the previous year.

- The underlying average level of motor vehicle theft and related offences has remained stable at 14 offences per month during the past nine quarters. A statistically significant upward trend was identified (refer Figure 26).

There were 78 recorded motor vehicle theft and related offences in the current quarter. This represents an increase of 73% (33) from the previous quarter and an increase of 111% (41) from the same quarter the previous year.

- The underlying average level of other theft has ranged between 58 and 79 offences per month during the past nine quarters. Its current level of 79 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period (refer Figure 27).

There were 223 other theft offences recorded in the current quarter. This represents a decrease of 14% (35) from the previous quarter and a decrease of 7% (17) from the same quarter the previous year.

- The underlying average level of property damage has ranged between 47 and 78 offences per month during the past nine quarters. Its current level of 78 per month is at the higher end of the range. Over the past 12 months the underlying average decreased early in the period and increased in the middle of the period (refer Figure 28).

There were 227 property damage offences recorded in the current quarter. This represents a decrease of 6% (14) from the previous quarter, but an increase of 21% (39) from the same quarter the previous year.

2.1.4 Alice Springs
Offences Against the Person
In the current quarter, the total number of offences against the person recorded in Alice Springs was 327; assault accounted for 93% and sexual assault 3%. The remaining offences included other offences against the person, robbery, murder and attempted murder. There were no recorded offences relating to manslaughter in this quarter.

- The underlying average level of recorded assault offences has ranged between 65 and 102 offences per month during the past nine quarters. Its current level of 98 per month is at the higher end of the range. Over the past 12 months the underlying average increased early in the period (refer Figure 30).

- There were 305 recorded assault offences in Alice Springs in the current quarter. This represents a decrease of 1% (3) from the previous quarter, but an increase of 60% (114) from the same quarter the previous year.

Property Offences
In the current quarter, the total number of recorded property offences in Alice Springs was 928; property damage accounted for 44% and other theft 33%. The remaining offences included break-ins to commercial or other premises, house break-ins, motor vehicle theft and related offences and other property offences.

- The underlying average level of house break-ins has ranged between 19 and 30 offences per month for the past nine quarters. Its current level of 19 per month is at the lower end of the range. Over the past 12 months the underlying average has remained stable (refer Figure 33).

There were 58 house break-ins recorded in the current quarter. This represents a decrease of 11% (7) from the previous quarter and a decrease of 2% (1) from same quarter the previous year.
• The underlying average level of **break-ins to commercial or other premises** has ranged between 11 and 30 offences per month during the past nine quarters. Its current level of 30 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period (refer Figure 34).

There were 80 **break-ins to commercial or other premises** recorded in the current quarter. This represents a decrease of 25% (27) from the previous quarter and a decrease of 5% (4) from the same quarter the previous year.

• The underlying average level of recorded **motor vehicle theft and related offences** has ranged from 19 to 22 offences per month during the past nine quarters. Its current level of 19 per month is at the lower end of the range. Over the past 12 months the underlying average decreased early in the period (refer Figure 35).

There were 77 **motor vehicle theft and related offences** recorded in the current quarter. This represents an increase of 45% (24) from the previous quarter, but no change from the same quarter the previous year.

• The underlying average level of **other theft** has ranged between 91 and 113 offences per month during the past nine quarters. Its current level of 111 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period (refer Figure 36).

There were 304 **other theft** offences recorded in the current quarter. This represents a decrease of 16% (60) from the previous quarter, but an increase of 5% (14) from the same quarter the previous year.

• The underlying average level of **property damage** offences has ranged between 103 and 141 offences per month during the past nine quarters. Its current level of 141 per month is at the higher end of the range. Over the past 12 months the underlying average increased early in the period (refer Figure 37).

There were 408 **property damage** offences recorded in the current quarter. This represents a decrease of 9% (40) from the previous quarter, but an increase of 40% (116) from the same quarter the previous year.

2.1.5 Katherine

**Offences Against the Person**

In the current quarter, the total number of offences against the person recorded in Katherine was 135; **assault** accounted for 90% and **sexual assault** 7%. The remaining offences were **murder** and **other offences against the person**. There were no recorded offences relating to **attempted murder, manslaughter** or **robbery** in this quarter.

• The underlying average level of recorded **assault** offences has ranged between 32 and 47 offences per month during the past nine quarters. Its current level of 41 per month is in the middle of the range. Over the past 12 months the underlying average remained stable (refer Figure 39).

There were 121 recorded **assault** offences in Katherine in the current quarter. This represents a decrease of 18% (27) from the previous quarter, but an increase of 7% (8) from the same quarter the previous year.

**Property Offences**

In the current quarter, the total number of recorded property offences in Katherine was 224; **other theft** accounted for 44% and **property damage** 28%. The remaining offences were **break-ins to commercial or other premises, house break-ins, motor vehicle theft and related offences and other property offences**.

• The underlying average level of **house break-ins** has ranged between 8 and 10 offences per month during the past nine quarters. Its current level of 10 per month is at the higher end of the range. Over the past 12 months the underlying average increased early in the period (refer Figure 41).
There were 20 house break-ins recorded in the current quarter. This represents a decrease of 46% (17) from the previous quarter and a decrease of 26% (7) from the same quarter the previous year.

- The underlying average level of break-ins to commercial or other has ranged between 4 and 8 offences per month during the past nine quarters. Its current level of 7 per month is in the middle of the range. Over the past 12 months the underlying average decreased early in the period (refer Figure 42).

There were 22 break-ins to commercial or other premises recorded in the current quarter. This represents a decrease of 24% (7) from the previous quarter, but an increase of 57% (8) from the same quarter the previous year.

- The underlying average level of recorded motor vehicle theft and related offences has ranged between 2 and 5 offences per month during the past nine quarters. Its current level of 5 offences per month is at the higher end of the range. Over the past 12 months the underlying average increased early in the period. A statistically significant upward trend was identified (refer Figure 43).

There were 16 motor vehicle theft and related offences recorded in the current quarter. This represents an increase of 14% (2) from the previous quarter and an increase of 78% (7) from the same quarter the previous year.

- The underlying average level of other theft offences has ranged between 30 and 42 offences per month during the past nine quarters. Its current level of 35 per month is in the middle of the range. Over the past 12 months the underlying average decreased early in the period (refer Figure 44).

There were 99 other theft offences recorded in the current quarter. This represents a decrease of 28% (39) from the previous quarter and a decrease of 10% (11) from the same quarter the previous year.

- The underlying average level of property damage offences has ranged between 18 and 30 offences per month during the past nine quarters. Its current level of 25 per month is in the middle of the range. Over the past 12 months the underlying average increased early in the period (refer Figure 45).

There were 63 property damage offences recorded in the current quarter. This represents a decrease of 32% (29) from the previous quarter, but an increase of 5% (3) from the same quarter the previous year.

2.1.6 Tennant Creek

Offences Against the Person

In the current quarter, the total number of offences against the person recorded in Tennant Creek was 117; assault accounted for 96% and sexual assault 3%. The remaining offences were robbery and other offences against the person. There were no recorded offences relating to murder, attempted murder or manslaughter in this quarter.

- The underlying average level of recorded assault offences has ranged between 24 and 41 offences per month during the past nine quarters. Its current level of 41 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period (refer Figure 47).

There were 112 recorded assault offences in Tennant Creek in the current quarter. This represents a decrease of 10% (13) from the previous quarter, but an increase of 7% (7) from the same quarter the previous year.
Property Offences

In the current quarter, the total number of recorded property offences in Tennant Creek was 201; property damage accounted for 40% and other theft 34%. The remaining offences were break-ins to commercial or other premises, house break-ins and motor vehicle theft and related offences. There were no recorded offences relating to other property offences in this quarter.

- The underlying average level of house break-ins has ranged between 3 and 7 offences per month during the past nine quarters. Its current level of 6 per month is in the middle of the range. Over the past 12 months the underlying average increased early in the period (refer Figure 49).

There were 19 house break-ins recorded in the current quarter. This represents an increase of 36% (5) from the previous quarter and an increase of 46% (6) from the same quarter the previous year.

- The underlying average level of break-ins to commercial or other premises ranged between 3 and 11 offences per month during the past nine quarters. Its current level of 10 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period (refer Figure 50).

There were 27 break-ins to commercial or other premises recorded in the current quarter. This represents a decrease of 10% (3) from the previous quarter, but an increase of 35% (7) from the same quarter the previous year.

- The underlying average level of recorded motor vehicle theft and related offences has ranged between 1 and 2 offences per month during the past nine quarters. Its current level of 1 per month is at the lower end of the range. Over the past 12 months the underlying average has remained stable (refer Figure 51).

There were 6 motor vehicle theft and related offences recorded in the current quarter. This represents an increase of 4 from the previous quarter, but no change from the same quarter the previous year.

- The underlying average level of other theft offences has ranged between 12 and 23 offences per month during the past nine quarters. Its current level of 23 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period. A statistically significant upward trend was identified (refer Figure 52).

There were 68 other theft offences recorded in the current quarter. This represents an increase of 19% (11) from the previous quarter and an increase of 84% (31) from the same quarter the previous year.

- The underlying average level of property damage offences has ranged between 13 and 23 offences per month during the past nine quarters. Its current level of 20 per month is in the middle of the range. Over the past 12 months the underlying average remained stable. A statistically significant upward trend was identified (refer Figure 53).

There were 81 property damage offences recorded in the current quarter. This represents an increase of 42% (24) from the previous quarter and an increase of 33% (20) from the same quarter the previous year.

2.1.7 Nhulunbuy

Offences Against the Person

In the current quarter, the total number of offences against the person recorded in Nhulunbuy was 37; assault accounted for 89% and sexual assault 11%. There were no recorded offences relating to murder, attempted murder, manslaughter, robbery or other offences against the person.

- The underlying average level of recorded assault offences has ranged between 5 and 12 offences per month during the past nine quarters. Its current level of 12 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period. A statistically significant upward trend was identified (refer Figure 55).

There were 33 recorded assault offences in Nhulunbuy in the current quarter. This represents a decrease of 20% (8) from the previous quarter, but an increase of 136% (19) from the same quarter the previous year.
Property Offences
In the current quarter, the total number of recorded property offences in Nhulunbuy was 82; other theft accounted for 44% and property damage 37%. The remaining offences were break-ins to commercial or other premises, house break-ins and motor vehicle theft and related offences.

- The underlying average level of house break-ins remained stable at 1 offence per month during the past nine quarters (refer Figure 57).

  There were 5 house break-ins recorded in the current quarter. This represents a decrease of 2 from the previous quarter and a decrease of 3 from the same quarter the previous year.

- The underlying average level of break-ins to commercial or other premises has ranged between 2 and 3 offences per month during the past nine quarters. Its current level of 3 per month is at the higher end of the range. Over the past 12 months the underlying average has remained stable (refer Figure 58).

  There were 6 break-ins to commercial or other premises recorded in the current quarter. This represents a decrease of 2 from the previous quarter and a decrease of 4 from the same quarter the previous year.

- The underlying average level of other theft has remained stable at 9 offences per month during the past nine quarters (refer Figure 59).

  There were 36 other theft offences recorded in the current quarter. This represents an increase of 24% (7) from the previous quarter and an increase of 13% (4) from the same quarter the previous year.

- The underlying average level of recorded property damage offences has ranged between 5 and 9 offences per month during the past nine quarters. Its current level of 9 per month is at the higher end of the range. Over the past 12 months the underlying average has remained stable (refer Figure 60).

  There were 30 property damage offences recorded in the current quarter. This represents a decrease of 3% (1) from the previous quarter and a decrease of 9% (3) from the same quarter the previous year.

2.1.8 Northern Territory Balance
The Northern Territory Balance is the area of the Northern Territory that lies outside of the six major urban centres of Darwin, Palmerston, Alice Springs, Katherine, Tennant Creek and Nhulunbuy.

Offences Against the Person
In the current quarter, the total number of offences against the person recorded in the Northern Territory Balance was 341; assault accounted for 89% and sexual assault 8%. The remaining offences were robbery and other offences against the person. There were no recorded offences relating to murder, attempted murder or manslaughter in this quarter.

- The underlying average level of recorded assault offences has ranged between 83 and 101 offences per month during the past nine quarters. Its current level of 101 per month is at the higher end of the range. Over the past 12 months the underlying average has remained stable (refer Figure 62).

  There were 302 recorded assault offences in the Northern Territory Balance in the current quarter. This represents an increase of 3% (10) from the previous quarter, but a decrease of 2% (7) from the same quarter the previous year.

Property Offences
In the current quarter, the total number of recorded property offences in the Northern Territory Balance was 569; other theft accounted for 37% and property damage 29%. The remaining offences were break-ins to commercial or other premises, motor vehicle theft and related offences, house break-ins and other property offences.

- The underlying average level of house break-ins has remained stable at 23 offences per month during the past nine quarters (refer Figure 65).
There were 55 house break-ins recorded in the current quarter. This represents a decrease of 21% (15) from the previous quarter and a decrease of 20% (14) from the same quarter the previous year.

- The underlying average level of break-ins to commercial or other premises has ranged between 24 and 39 offences per month during the past nine quarters. Its current level of 27 per month is at the lower end of the range. Over the past 12 months the underlying average increased early in the period (refer Figure 66).

There were 63 break-ins to commercial or other premises recorded in the current quarter. This represents a decrease of 35% (34) from the previous quarter and a decrease of 22% (18) from the same quarter the previous year.

- The underlying average level of break-ins to commercial or other premises has ranged between 24 and 39 offences per month during the past nine quarters. Its current level of 27 per month is at the lower end of the range. Over the past 12 months the underlying average increased early in the period (refer Figure 66).

There were 63 break-ins to commercial or other premises recorded in the current quarter. This represents a decrease of 35% (34) from the previous quarter and a decrease of 22% (18) from the same quarter the previous year.

- The underlying average level of motor vehicle theft and related offences has ranged between 13 and 17 offences per month during the past nine quarters. Its current level of 17 per month is at the higher end of the range. Over the past 12 months the underlying average increased early in the period. A statistically significant upward trend was identified (refer Figure 67).

There were 63 motor vehicle theft and related offences recorded in the current quarter. This represents an increase of 34% (16) from the previous quarter and an increase of 26% (13) from the same quarter the previous year.

- The underlying average level of other theft offences has ranged between 69 and 76 offences per month during the past nine quarters. Its current level of 69 per month is at the lower end of the range. Over the past 12 months the underlying average decreased in the middle of the period (refer Figure 68).

There were 213 other theft offences recorded in the current quarter. This represents a decrease of 2% (5) from the previous quarter and a decrease of 8% (19) from the same quarter the previous year.

- The underlying average level of recorded property damage offences has ranged between 66 and 78 offences per month during the past nine quarters. Its current level of 66 per month is at the lower end of the range. Over the past 12 months the underlying average decreased early in the period. A statistically significant downward trend was identified (refer Figure 69).

There were 167 property damage offences recorded in the current quarter. This represents a decrease of 20% (41) from the previous quarter and a decrease of 16% (32) from the same quarter the previous year.

### 2.2 PRISONERS AND DETAINEES IN CORRECTIONAL FACILITIES

- The daily average number of prisoners in the Northern Territory was 898 during the current quarter. This represents an increase of 7% (57) from the previous quarter and an increase of 12% (94) from the same quarter the previous year.

- Indigenous prisoners currently represent 82% (738) of the daily average prison population. The current daily average of 738 was 7% (50) higher than the previous quarter and 11% (76) higher than the same quarter last year.

- The daily average number of juvenile detainees was 35 in the current quarter. This represents an increase of 40% (10) from the previous quarter, and an increase of 40% (10) from the same quarter the previous year.

### 2.3 OUTCOMES FOR DRUG OFFENCES

- Sentences were passed for 754 drug offences during 2006-07 compared with 758 during the previous financial year. During 2006-07:
  - The most common drug offences, which were sentenced, were the possession and/or use of illicit drugs 42% (317) and the non-commercial dealing in illicit drugs 40% (299).
• A monetary order was the most common principal penalty accounting for 60% (456) of the drug offences which had sentences passed. A term of imprisonment (actual or fully suspended) or home detention was ordered for 31% (232) of the drug offences.
• Sentences were passed for 758 drug offences during the 2005-06 financial year.
• The most common drug offences, which were sentenced, were the possession and/or use of illicit drugs 40% (304) and the non-commercial dealing in illicit drugs 36% (272).
• The principal penalty for 52% (397) of the drug offences was a monetary order. For 41% (313) of the drug offences the principal penalty was imprisonment (including home detention and fully suspended imprisonment).
• A total of 91 drug infringement notices, relating to 91 separate offences, were issued during the June quarter 2007. This is 38% (25) more notices than were issued in the previous quarter and 27% (33) less notices than were issued in the June quarter 2006.
• Possession of cannabis is the most common offence for which drug infringement notices have been issued (100% of offences in the June quarter 2007).

2.4 COURT OUTCOMES FOR AGGRAVATED PROPERTY OFFENCES
• A total of 522 aggravated property offences had sentences passed during the 2006-07 financial year, of which the most prevalent offence group was break-ins (62%).
• The principal penalty for 83% (433) of aggravated property offences fell within the standard sentencing guidelines (imprisonment, home detention or a community work order) contained in the Sentencing Act.
• A total of 469 aggravated property offences was finalised during the 2005-06 financial year.
• The principal penalty for 80% (374) of these offences fell within the standard sentencing guidelines contained in the Sentencing Act.
• In relation to 58% (274) of offences, the principal penalty was an actual term of imprisonment.
3  OFFENCES RECORDED BY THE POLICE
This section provides information on selected categories of offences recorded by the Northern Territory Police, Fire and Emergency Services (NTPFES) for the period from the June quarter 2005 to the June quarter 2007.

The selected offence categories are:

- **Offences Against the Person:**
  - Murder
  - Attempted Murder
  - Manslaughter
  - Robbery
  - Assault
  - Sexual Assault
  - Other Offences Against the Person

- **Property Offences:**
  - House Break-ins
  - Break-ins to Commercial or Other Premises
  - Motor Vehicle Theft and Related Offences
  - Other Theft
  - Property Damage
  - Other Property Offences

The offence data is presented for the Northern Territory as a whole, six major urban centres and the Northern Territory Balance (areas outside of the six major urban centres):

- Northern Territory
- Darwin
- Palmerston
- Alice Springs
- Katherine
- Tennant Creek
- Nhulunbuy
- Northern Territory Balance

3.1  EXPLANATORY NOTES
The data used in this section was extracted from the Police Real-time On-line Management Information System on 01 August 2007.

- For a variety of reasons not all crimes are reported to the Police. Consequently, levels of recorded crime should not be interpreted as comprehensively representing the level of crime in the Northern Territory. Recorded crime is however adopted nationally as a lead indicator of the level and nature of crime and provides a sound basis for measuring changes over time.
• The underlying average summarises a data series, by reducing it to periods of stability and points from which sustained change is observed. The underlying average level at any point in a data series is the average of all data points in the same period of stability. The underlying average serves to focus attention on important underlying characteristics of a data series and is used extensively in the graphs presented in this section.

• A statistical test has been applied to the last 12 months of the recorded crime data to detect the presence of any upward or downward trends. The last 12 months data is considered to be stable unless a statistically significant trend is reported.

• The segments of the pie charts shown in this chapter may not sum to exactly 100 per cent due to rounding.
### 3.2 FINDINGS

#### 3.2.1 Northern Territory

Offences Against the Person

- In the current quarter, a total of 1605 offences against the person were recorded in the Territory. This is a 13% (185) increase from the previous quarter and an increase of 39% (451) from the same quarter the previous year.

- As shown in the figure below, assault was by far the most frequent offence, accounting for 90% of offences against the person. The next most frequently recorded offence was sexual assault, representing 6%. The remaining offences were murder, attempted murder, robbery and other offences against the person.

Figure 1 Recorded Offences Against the Person in the Northern Territory – Current Quarter
Assault

- The figure below shows the underlying average level of assault has ranged between 329 and 471 offences per month during the past nine quarters. Its current level of 471 per month is at the higher end of the range. Over the past 12 months the underlying average increased early in the period and increased in the middle of the period. A statistically significant upward trend was identified.

- There were 1450 recorded assault offences in the Territory in the current quarter. This represents an increase of 13% (164) from the previous quarter and an increase of 41% (420) from the same quarter the previous year.

Figure 2 Recorded Assault in the Northern Territory
Sexual Assault

- The figure below shows the underlying average level of sexual assault has ranged between 27 and 31 offences per month during the past nine quarters. Its current level of 31 per month is at the higher end of the range. Over the past 12 months the underlying average has remained stable.
- There were 92 recorded sexual assault offences in the current quarter. This represents an increase of 15% (12) from the previous quarter and an increase of 33% (23) from the same quarter the previous year.

Figure 3 Recorded Sexual Assault in the Northern Territory
Robbery

- The figure below shows the underlying average level of robbery has ranged between 5 and 8 offences per month during the past nine quarters. Its current level of 8 per month is at the higher end of the range. Over the past 12 months the underlying average has remained stable.

- There were 29 robbery offences recorded in the current quarter. This represents an increase of 7% (2) from the previous quarter and an increase of 32% (7) from the same quarter the previous year.

Figure 4 Recorded Robbery in the Northern Territory
Property Offences

- In the current quarter, a total of 5223 property offences were recorded in the Territory. This represents a decrease of 4% (227) from the previous quarter, but an increase of 2% (97) from the same quarter the previous year.

- The figure below shows 37% of property offences relate to property damage, with other theft at 36%. *House break-ins, commercial or other premises* and *motor vehicle theft and related offences* accounted for 9% each.

**Figure 5 Recorded Property Offences in the Northern Territory – Current Quarter**
House Break-ins

- The figure below shows the underlying average level of house break-ins has ranged between 157 and 171 offences per month during the past nine quarters. Its current level of 171 per month is at the higher end of the range. Over the past 12 months the underlying average has remained stable.
- There were 464 house break-ins recorded in the current quarter. This represents a decrease of 14% (74) from the previous quarter and a decrease of 14% (74) from the same quarter the previous year.

Figure 6 Recorded House Break-ins in the Northern Territory
Break-ins to Commercial or Other Premises

- The figure below shows the underlying average level of break-ins to commercial or other premises has ranged between 90 and 159 offences per month during the past nine quarters. Its current level of 159 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period.

- There were 466 break-ins to commercial or other premises recorded in the current quarter. This represents a decrease of 3% (16) from the previous quarter, but an increase of 20% (78) from the same quarter the previous year.

Figure 7 Recorded Break-ins to Commercial or Other Premises in the Northern Territory
Motor Vehicle Theft and Related Offences

- The figure below shows the underlying average level of **motor vehicle theft and related offences** has ranged between 108 and 144 offences per month during the past nine quarters. Its current level of 144 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period. A statistically significant upward trend was identified.

- There were 480 **motor vehicle theft and related offences** recorded in the current quarter. This represents an increase of 38% (132) from the previous quarter and an increase of 25% (95) from the same quarter the previous year.

**Figure 8 Recorded Motor Vehicle Theft and Related Offences in the Northern Territory**

![Graph showing the number of offences recorded from April 2005 to June 2007, with an underlying average of 144.](image-url)
Other Theft

- The figure below shows the underlying average level of other theft has ranged between 585 and 707 offences per month during the past nine quarters. Its current level of 647 per month is in the middle of the range. Over the past 12 months the underlying average decreased early in the period.

- There were 1859 other theft offences recorded in the current quarter. This represents a decrease of 8% (155) from the previous quarter and a decrease of 7% (132) from the same quarter the previous year.

Figure 9 Recorded Other Theft in the Northern Territory
Property Damage

- The figure below shows the underlying average level of property damage has ranged between 483 and 663 offences per month during the past nine quarters. Its current level of 663 per month is at the higher end of the range. Over the past 12 months the underlying average increased in the middle of the period.

- There were 1935 property damage offences recorded in the current quarter. This represents a decrease of 6% (113) from the previous quarter, but an increase of 8% (149) from the same quarter the previous year.

Offences Against the Person

- In the current quarter, a total of 341 offences against the person were recorded in the Northern Territory Balance. This represents an increase of 6% (20) from the previous quarter, but a decrease of 1% (3) from the same quarter the previous year.

- As shown in the figure below, assault was by far the most frequent offence, accounting for 89% of offences against the person. The next most frequently recorded offence was sexual assault, representing 8%. The remaining offences were robbery and other offences against the person.

Figure 61 Recorded Offences Against the Person in the Northern Territory Balance – Current Quarter
Assault

- The figure below shows the underlying average level of assault has ranged between 83 and 101 offences per month during the past nine quarters. Its current level of 101 per month is at the higher end of the range. Over the past 12 months the underlying average has remained stable.

- There were 302 recorded assault offences in the Northern Territory Balance in the current quarter. This represents an increase of 3% (10) from the previous quarter, but a decrease of 2% (7) from the same quarter the previous year.

Figure 62 Recorded Assault in the Northern Territory Balance
Sexual Assault

- The figure below shows the underlying average level of sexual assault has ranged between 7 and 9 offences per month during the past nine quarters. Its current level of 8 per month is in the middle of the range. Over the past 12 months the underlying average remained stable.
- There were 28 recorded sexual assault offences in the current quarter. This represents an increase of 27% (6) from the previous quarter and an increase of 47% (9) from the same quarter the previous year.

Figure 63 Recorded Sexual Assault in the Northern Territory Balance
Property Offences

- In the current quarter, a total of 569 property offences were recorded in the Northern Territory Balance. This represents a decrease of 12% (77) from the previous quarter and a decrease of 11% (72) from the same quarter the previous year.

- The figure below shows 37% of property offences relate to other theft, with property damage at 29%. Break-ins to commercial or other premise and motor vehicle theft and related offences both constitute 11% each and house break-ins 10%.

Figure 64 Recorded Property Offences in the Northern Territory Balance – Current Quarter
House Break-ins

- The figure below shows the underlying average level of *house break-ins* has remained stable at 23 offences per month during the past nine quarters.
- There were 55 *house break-ins* recorded in the current quarter. This represents a decrease of 21% (15) from the previous quarter and a decrease of 20% (14) from the same quarter the previous year.

Figure 65 Recorded House Break-ins in the Northern Territory Balance
Break-ins to Commercial or Other Premises

- The figure below shows the underlying average level of break-ins to commercial or other premises has ranged between 24 and 39 offences per month during the past nine quarters. Its current level of 27 per month is at the lower end of the range. Over the past 12 months the underlying average increased early in the period.

- There were 63 break-ins to commercial or other premises recorded in the current quarter. This represents a decrease of 35% (34) from the previous quarter and a decrease of 22% (18) from the same quarter the previous year.

Figure 66 Recorded Break-ins to Commercial or Other Premises in the Northern Territory Balance
Motor Vehicle Theft and Related Offences

- The figure below shows the underlying average level of *motor vehicle theft and related offences* has ranged between 13 and 17 offences per month during the past nine quarters. Its current level of 17 per month is at the higher end of the range. Over the past 12 months the underlying average increased early in the period. A statistically significant upward trend was identified.

- There were 63 *motor vehicle theft and related offences* recorded in the current quarter. This represents an increase of 34% (16) from the previous quarter and an increase of 26% (13) from the same quarter the previous year.

**Figure 67 Recorded Motor Vehicle Theft and Related Offences in the Northern Territory Balance**

Other Theft

- The figure below shows the underlying average level of other theft has ranged between 69 and 76 offences per month during the past nine quarters. Its current level of 69 per month is at the lower end of the range. Over the past 12 months the underlying average decreased in the middle of the period.

- There were 213 other theft offences recorded in the current quarter. This represents a decrease of 2% (5) from the previous quarter and a decrease of 8% (19) from the same quarter the previous year.

Figure 68 Recorded Other Theft in the Northern Territory Balance
Property Damage

- The figure below shows the underlying average level of property damage has ranged between 66 and 78 offences per month during the past nine quarters. Its current level of 66 per month is at the lower end of the range. Over the past 12 months the underlying average decreased early in the period. A statistically significant downward trend was identified.

- There were 167 property damage offences recorded in the current quarter. This represents a decrease of 20% (41) from the previous quarter and a decrease of 16% (32) from the same quarter the previous year.

Figure 69 Recorded Property Damage in the Northern Territory Balance
4 PRISONERS AND DETAINEES IN CORRECTIONAL FACILITIES

This section provides a description of persons under the custodial supervision of Northern Territory Correctional Services during the period from the June quarter 2005 to the June quarter 2007.

The statistics cover two areas:

- the average number of adults held in prison; and
- the average number of juveniles held in detention.

4.1 EXPLANATORY NOTES

The data used for this section was extracted from the Northern Territory Correctional Services Monthly Daily Average Returns.

- The quarterly daily average is the average number of persons held in institutions per day over the stipulated three-month period. The quarterly daily averages have been rounded to the closest whole number — as a result, discrepancies may occur between the sum of component items and the total.
- People smugglers are foreign national persons convicted under Federal legislation for offences relating to the transport of illegal immigrants to Australia.
- Fine defaulters are persons who are imprisoned solely for non-payment of fines.

4.2 FINDINGS

4.2.1 Adults

- Over the past nine quarters the quarterly daily average number of prisoners has ranged between 764 and 898. In the current quarter, the daily average was 898. It increased by 7% (57) from the previous quarter and increased by 12% (94) from the same quarter last year.
- The current quarterly daily average number is 738, 7% (50) higher than the previous quarter and 11% (76) higher than the same quarter last year. During the current quarter, Indigenous prisoners represented 82% of the total daily average prison population.
- The daily average number of female prisoners is small compared to the number of males, representing around 4% of the total prison population during the nine-quarter reporting period. On average there were 41 female prisoners in the current quarter. This represents an increase of 8% (3) from the previous quarter and an increase of 24% (8) from the same quarter the previous year.
Figure 70 Quarterly Daily Average Number of Adults Held in Prison

- All Prisoners
- All Indigenous
- All Non-Indigenous
4.2.2 Juveniles

- The number of juveniles detained in the Territory is small and relatively volatile. The quarterly daily average ranged between 15 and 35 over the period June quarter 2005 to the current quarter.

- In the current quarter, the quarterly daily average number of juveniles held in detention in the Northern Territory was 35. This represents an increase of 40% (10) from the previous quarter and an increase of 40% (10) from the same quarter last year.

- Indigenous juveniles represented 86% (30) of the daily average detainee population in the current quarter.

5 OUTCOMES FOR DRUG OFFENCES

This section provides information on the outcome of judicial and administrative processes relating to drug offences.

This section presents the outcome for drug offences in two parts:

- an overview of court outcomes for drug offences; and
- drug offences dealt with by Drug Infringement Notices in the Northern Territory.

5.1 COURT OUTCOMES

Offences reported in this section refer to illicit and licit drug offences which have been finalised by a court in the Northern Territory during the specified period.

5.1.1 Explanatory Notes

The data used for the table in this section was extracted from the Integrated Justice Information System.

- An offence reflects a distinct charge brought against an individual on the basis of relevant Northern Territory legislation. A single incident may involve multiple offences of the same or different types.
- The number of offences processed by the court does not reflect the number of individuals who appeared before the court or the number of occasions on which sentence was passed.
- The proportion of actual crime that comes before the court is unknown. Changes in the number of offences processed by the court may not reflect changes in the level of crime in the community.
- An offence is considered to be finalised on the first date that the court makes an order that implies a definite finding of guilt. Where a court order is appealed, the offence is not counted as finalised until the appeal is decided.
- Offences relating to licit drugs are mainly prescription fraud.
- The principal penalty for an offence is the court order that is perceived to be the most severe in relation to each offence.
- Principal penalties classified as other orders in this section include good behaviour bonds and post-court juvenile diversions.

5.1.2 Findings

Current Financial Year (2006-07)

A total of 754 drug offences were finalised by the courts during the 2006-07 financial year. The principal penalty for 11% (83) of these offences was an actual term of imprisonment, for 2% (13) a period of home detention and for another 18% (136) a fully suspended term of imprisonment was ordered. For 60% (456) of the offences, the principal penalty was a monetary order. Community work orders comprised 4% (33) of the penalties.

Court Outcomes by Offence Group

Possession and non-commercial dealing in illicit drugs accounted for 82% (616) of drug offences finalised by the courts during the 2006-07 financial year.

- Principal penalties for non-commercial dealing in illicit drugs were as follows:
  - 43% of offences (129) were associated with a monetary order;
  - 29% of offences (88) were associated with a fully suspended term of imprisonment;
  - 17% of offences (52) were associated with an actual term of imprisonment;
  - 4% of offences (13) were associated with some form of other order;
  - 4% of offences (12) were associated with a community work order; and
2% of offences (5) were associated with a home detention order.

Principal penalties for possession and/or use of illicit drugs were as follows:
- 81% of offences (257) were associated with a monetary order;
- 6% of offences (18) were associated with a fully suspended term of imprisonment;
- 5% of offences (17) were associated with a community work order;
- 4% of offences (13) were associated with some form of other order;
- 3% of offences (11) were associated with an actual term of imprisonment; and
- less than 1% of offences (1) were associated with a home detention order.

Previous Financial Year (2005-06)
A total of 758 drug offences were finalised by the courts during the 2005-06 financial year. The principal penalty for 18% (140) of these offences was an actual term of imprisonment, for 1% (9) a period of home detention and for another 22% (164) a fully suspended term of imprisonment was ordered. For 52% (397) of the offences, the principal penalty was a monetary order. Community work orders comprised 3% (25) of the penalties.

Court Outcomes by Offence Group
Possession and non-commercial dealing in illicit drugs accounted for 76% (576) of drug offences finalised by the courts during the 2005-06 financial year.

Principal penalties for non-commercial dealing in illicit drugs were as follows:
- 35% of offences (96) were associated with a fully suspended term of imprisonment;
- 34% of offences (92) were associated with a monetary order;
- 23% of offences (63) were associated with an actual term of imprisonment;
- 4% of offences (11) were associated with a community work order;
- 2% of offences (6) were associated with some form of other order; and
- 1% of offences (4) were associated with a home detention order.

Principal penalties for possession and/or use of illicit drugs were as follows:
- 78% of offences (236) were associated with a monetary order;
- 9% of offences (26) were associated with an actual term of imprisonment;
- 7% of offences (20) were associated with a fully suspended term of imprisonment;
- 4% of offences (13) were associated with some form of other order; and
- 3% of offences (9) were associated with a community work order.

5.2 Drug Infringement Notices

5.2.1 Explanatory Notes
The data used for the table in this section was extracted from the Integrated Justice Information System.

- Drug infringement notices are summarily imposed fines that may be issued by Police for the possession or cultivation of cannabis for personal use only.
- A penalty of $200 is payable for an offence issued with a drug infringement notice.

5.2.2 Findings
- A total of 91 drug infringement notices, relating to 91 separate offences, were issued during the June quarter 2007. This is 38% (25) more notices than were issued in the previous quarter, and 27% (33) less notices than were issued in the June quarter 2006.
- Possession of cannabis is the most common offence for which drug infringement notices have been issued. It constituted 100% of offences in the June quarter 2007.

6 COURT OUTCOMES FOR AGGRAVATED PROPERTY OFFENCES

On 22 October 2001, legislation mandating prison sentences for property offences was repealed and replaced with an alternative sentencing regime for aggravated property offences.

Under the amended Sentencing Act, it is presumed that a person convicted for an aggravated property offence will receive at least one of the following:

- a term of imprisonment;
- a home detention order; or
- a community work order,

unless there are exceptional circumstances in relation to the offence or the offender.

6.1 EXPLANATORY NOTES

The data used for the tables in this section was extracted from the Integrated Justice Information System (IJIS).

- An offence reflects a distinct charge brought against an individual on the basis of relevant Northern Territory legislation. A single incident may involve multiple offences of the same or different types.

- The number of offences processed by the court does not reflect the number of individuals who appeared before the court or the number of occasions on which sentence was passed under the sentencing regime for aggravated property offences.

- The proportion of actual crime which comes before the court is unknown. Changes in the number of offences processed by the court may not reflect changes in the level of crime in the community.

- An offence is considered to be finalised on the first date that the court makes an order that implies a definite finding of guilt. Where a court order is appealed, the offence is not counted as finalised until the appeal is decided.

- The principal penalty for an offence is the court order that is perceived to be the most severe in relation to each offence.

- Principal penalties classified as other orders in this section include fully suspended terms of imprisonment, fines and good behaviour bonds.

- Break-ins, in this chapter, do not include home invasions and business invasions as these are considered separately. This differs from the chapter on offences recorded by the Police, where home invasions are included in house break-ins and business invasions are included in break-ins to commercial or other premises.

- Adults are persons who are aged 18 years or older at the time of the offence and are dealt with under the Sentencing Act. As juveniles are generally sentenced under the Youth Justice Act/Juvenile Justice Act and not the Sentencing Act, they are not included in these tables.

6.2 FINDINGS

Current Financial Year (2006-07)

A total of 522 aggravated property offences had sentences passed during the 2006-07 financial year.

The principal penalty for 83% (433) of these offences fell within the standard sentencing guidelines contained in the Sentencing Act.

In relation to 63% (330) of offences the principal penalty was an actual term of imprisonment.
Court Outcomes by Offence Group

The majority (96%) of offences dealt with under the sentencing regime for aggravated property offences were break-ins (322), property damage (117) and unlawful use of motor vehicle (61).

- Principal penalties for break-ins were as follows:
  - 61% of offences (197) were associated with an actual term of imprisonment;
  - 21% of offences (68) were associated with a community work order;
  - 16% of offences (52) received orders other than those presumed in the sentencing guidelines, implying a finding of exceptional circumstances; and
  - 2% of offences (5) were associated with a home detention order.

- Principal penalties for property damage were as follows:
  - 62% of offences (72) were associated with an actual term of imprisonment;
  - 26% of offences (31) received other orders, implying a finding of exceptional circumstances;
  - 10% of offences (12) were associated with a community work order; and
  - 2% of offences (2) were associated with a home detention order.

- Principal penalties for unlawful use of a motor vehicle were as follows:
  - 70% of offences (43) were associated with an actual term of imprisonment;
  - 18% of offences (11) were associated with a community work order;
  - 8% of offences (5) received other orders, implying a finding of exceptional circumstances; and
  - 3% of offences (2) were associated with a home detention order.

Previous Financial Year (2005-06)

A total of 469 aggravated property offences was finalised during the 2005-06 financial year.

The principal penalty for 274 (58%) of these offences was an actual term of imprisonment and for a further 100 offences (21%), the principal penalty fell within the standard sentencing guidelines contained in the Sentencing Act.

The principal penalty for the remaining 95 offences (20%) included fully suspended terms of imprisonment, fines and good behaviour bonds. These outcomes imply a finding of exceptional circumstances in relation to the offender or the offence.

Court Outcomes by Offence Group

The majority (98%) of offences dealt with under the sentencing regime for aggravated property offences were break-ins (348), property damage (59) and unlawful use of motor vehicle (55).

- Principal penalties for break-ins were as follows:
  - 56% of offences (195) were associated with an actual term of imprisonment;
  - 20% of offences (71) received orders other than those presumed in the sentencing guidelines, implying a finding of exceptional circumstances;
  - 17% of offences (60) were associated with a community work order; and
  - 6% of offences (22) were associated with a home detention order.

- Principal penalties for property damage were as follows:
  - 64% of offences (38) were associated with an actual term of imprisonment;
  - 19% of offences (11) received other orders, implying a finding of exceptional circumstances; and
  - 17% of offences (10) were associated with a community work order.
Principal penalties for unlawful use of motor vehicle were as follows:

- 64% of offences (35) were associated with an actual term of imprisonment;
- 22% of offences (12) received other orders, implying a finding of exceptional circumstances;
- 11% of offences (6) were associated with a community work order; and
- 4% of offences (2) were associated with a home detention order.

A SUPPLEMENTARY NOTES

A.1 OFFENCES RECORDED BY THE NT POLICE

Selected Offences

This report presents information on the two categories of offence that are of high public interest: offences against the person and property offences. Within each category, statistics are presented for the following offence groups:

- **Offences Against the Person**
  - Murder
  - Attempted Murder
  - Manslaughter
  - Robbery
  - Assault
  - Sexual Assault
  - Other Offences Against the Person

- **Property Offences**
  - House Break-ins
  - Break-ins to Commercial or Other Premises
  - Motor Vehicle Theft and Related Offences
  - Other Theft
  - Property Damage
  - Other Property Offences

Regional Centres and Northern Territory Balance

Six major urban centres and the Northern Territory Balance are reported on in this report:

- Darwin
- Palmerston
- Alice Springs
- Katherine
- Tennant Creek
- Nhulunbuy
- Northern Territory Balance (includes areas outside the six major urban centres)

Unreported Offences

Recorded crime statistics can only include those offences that are known to Police. It is well understood that there is a varying degree of under reporting across different types of offences. In its *Crime and Safety Survey* publication (4509.0, April 2005) the Australian Bureau of Statistics reports that nationally 26% of house break-ins and 69% of assault offences are not reported to the Police.

The reasons crimes were not reported to Police include: the offence was perceived to be too trivial; the victim did not want the offender punished; it was thought the Police could do nothing as the matter was seen as personal; and the victim would take care of it.
As a result of under reporting it is not appropriate to interpret recorded crime figures as comprehensively representing the actual level of crime occurring in the community. However, recorded crime is adopted nationally as the best data available for measuring changes in the nature and volume of crime over time.

Recording Offences

Data presented in this section were extracted from the Police Real-time On-line Management Information System (PROMIS). The Northern Territory Police use PROMIS to record incidents that come to their attention. Subsequent inquiries by the Police determine what, if any, offences are associated with the incident and should be recorded in PROMIS.

Counting Methodology

For the selected offences of interest every distinct offence recorded in an incident in PROMIS is counted. Police jurisdictions across Australia have not adopted a standard approach to counting offences. Consequently comparisons cannot be made between the statistics published in this report and those of other jurisdictions.

Underlying Average

Statistics in the Northern Territory are often volatile with large swings in values from one period to another, particularly for small regional centres. In order to assist the reader to understand the underlying patterns in recorded crime, the Research and Statistics Unit has adopted a technique from the South Australian Office of Crime Statistics and Research, known as underlying averages (also referred to as fluctuating averages).

The underlying average is based on the average of five or more observations in a time series; the actual number of observations depending on how far into the series a break occurs. A break occurs at a data point if the next five successive observations take higher or lower values than the average calculated to that point. The underlying average will then take the value of the average of the observations from the first point after the break to the next break point, or the end of the time series, whichever comes first.

The underlying average is calculated from the 1 September 2000 to provide a consistent base across publications.

The underlying average provides a simplified graphical presentation of time series data by defining points of change in the average value of a time series.

The range of the underlying average for an offence is defined by its maximum and minimum values over the period in question. If the underlying average value for an offence is in the bottom 25% of the range it is at the lower end of the range. If it is in the top 25% it is at the higher end of the range. All values in between are in the middle of the range. The underlying average values are rounded to the nearest whole number before the maximum and minimum range is calculated to enhance readability.

Trend Analysis

The Kendall rank-order correlation test was used to detect the presence of any upward or downward trends in recorded crime levels in the last 12 months data. The tests were performed at the 95% confidence level.

The Kendall rank-order correlation test is a statistical tool that is widely used by academic and research organisations. The New South Wales Bureau of Crime Statistics and Research (BOCSAR) has used the Kendall rank-order correlation test to detect the presence of trends in recorded crime levels for a number of years. The Research and Statistics Unit has used computer procedures kindly provided by BOCSAR to implement the Kendall test.

A.2 PRISONERS AND DETAINEES IN CORRECTIONAL FACILITIES

Quarterly Daily Average

The average number of persons held in correctional institutions per day over the stipulated three month period. The quarterly daily averages have been rounded to the closest whole number. As a result, discrepancies may occur between the sum of component items and the total.
People Smugglers

Foreign national persons convicted under Federal legislation for offences relating to the transport of illegal immigrants to Australia. The Northern Territory prison population experienced an influx of people smugglers in late 1999. Since the end of 2002 the number of people smugglers has been falling.

A.3 OUTCOMES FOR DRUG OFFENCES

Offences

An offence reflects a distinct charge brought against an individual on the basis of relevant federal and Northern Territory legislation. A single incident may involve multiple offences of the same or different types.

The number of offences processed by the court does not reflect the number of individuals who appeared before the court, the number of occasions on which sentence was passed or the level of crime in the community.

Offence Groups

Offence Groups reported are based mainly on the interpretation of the Commonwealth Customs Act, the Misuse of Drugs Act, the Kava Management Act, and the Poisons and Dangerous Drugs Act. Offence groups are detailed below.

Import or Export Illicit Drugs

Relates mainly to three offences, namely, “Import narcotic goods, namely heroin”, “Import a prohibited import” and “Attempt to export a prohibited export”, in the Commonwealth Customs Act.

Deal or Traffic in Illicit Drugs - Non-Commercial

Relates to offences such as the possession, supply or purchase of prohibited drugs of a non-commercial quantity, mainly from the Misuse of Drugs Act. It also includes offences from the Kava Management Act, the Poisons and Dangerous Drugs Act and the Commonwealth Crimes Act.

Deal or Traffic in Illicit Drugs - Commercial

Relates to offences such as the possession, supply or purchase of prohibited drugs of a commercial quantity, mainly from the Misuse of Drugs Act, some offences from the Kava Management Act and the Poisons and Dangerous Drugs Act.

Manufacture or Cultivate Illicit Drugs - Non-Commercial

Relates to offences such as the production, manufacturing and cultivation of a non-commercial quantity of prohibited drugs. Offences mainly relate to the Misuse of Drugs Act, the Kava Management Act and the Poisons and Dangerous Drugs Act.

Manufacture or Cultivate Illicit Drugs - Commercial

Relates to offences such as the production, manufacturing and cultivation of a commercial quantity of prohibited drugs. Offences mainly relate to the Misuse of Drugs Act, the Kava Management Act and the Poisons and Dangerous Drugs Act.

Possess and/or Use Illicit Drugs

Relates to offences such as the personal use, possession and administering of prohibited drugs, mainly from the Misuse of Drugs Act, the Kava Management Act, the Poisons and Dangerous Drugs Act and the Commonwealth Customs Act.
Other Drug Related Offences

Relates to offences such as stealing or receiving prohibited drugs, possession/supply of drug use equipment (eg. syringe), supply of volatile substances (petrol, glue) and failure to dispose of a syringe in a prescribed manner. It also includes possession of precursors, equipment and information for the manufacture of prohibited drugs. Offences mainly relate to the Misuse of Drugs Act and the Poisons and Dangerous Drugs Act.

Prescription Drug Offences

Relates to offences such as prescription drug fraud (for example forging or altering a prescription, or supplying prescribed substances without a prescription), mainly from the Misuse of Drugs Act and Poisons and Dangerous Drugs Act.

Final Orders

Final orders are defined as court orders that imply a finding of guilt and carry an associated penalty for any offence. More than one final order may apply to any offence. Combinations of final orders are classified to determine the principal penalty for an offence.

The order(s) used in the analysis are all final orders made on the first occasion that a final order was made with respect to an offence. Thus, if a person receives a community work order for an offence and is later imprisoned for failure to perform duties required under the order, the principal penalty reported will remain a community work order.

Principal Penalty

The principal penalty applying to an offence is the court final order that is perceived to be the most severe in relation to each offence. The comparative severity of court penalties is based on the sentencing legislation applying to drug offences.

The Principal Penalties reported are:

- **Imprisonment**
  
  An actual term of imprisonment or a term of imprisonment that is partially suspended (if the conditions set by the court are satisfied).

- **Home Detention Order**
  
  Confinement to a residence within the hours specified by the court order. It may be combined with fully suspended imprisonment orders.

- **Fully Suspended Imprisonment**
  
  A term of imprisonment that is fully suspended as long as conditions set by the court are satisfied.

- **Community Work Order**
  
  Compulsory participation in an approved project for up to 480 hours, with or without a fully suspended imprisonment order.

- **Monetary Order**
  
  Orders involving financial penalties, including fines, restitution orders and levies.

- **Other Order**
  
  All other final orders, including good behaviour bonds and post-court juvenile diversions.

A.4 COURT OUTCOMES FOR AGGRAVATED PROPERTY OFFENCES

Offences

An offence reflects a distinct charge brought against an individual on the basis of relevant Northern Territory legislation. A single incident may involve multiple offences of the same or different types.
The number of offences processed by the court may not reflect the number of individuals who appeared before the court, the number of occasions on which sentence was passed or the level of crime in the community.

**Offence Groups**

Offence groups reported are based on the interpretation of “aggravated property offence” as defined in section 3 of the *Sentencing Amendment Act*.

The aggravated property offence groups reported in this report are detailed below. All definitions refer to the *Criminal Code Act*.

**Robbery**

A broad category involving theft of property with the use or threat of immediate force: includes offences against sections 211 (robbery) and 212 (assault with intent to steal).

**Break-ins**

Unlawful Entry with Intent – unlawful entry to a premises with intent to commit an offence: includes offences against sections 213 (unlawful entry of buildings) and 215 (persons found armed with intent to unlawfully enter buildings), including attempts to commit offences against section 213.

*Break-ins*, in this chapter, do not include *home invasions* and *business invasions* as these are considered separately. This differs from the chapter on offences recorded by the Police, where *home invasions* are included in *house break-ins* and *business invasions* are included in *break-ins to commercial or other premises*.

**Unlawful Use of Motor Vehicle**

The taking of a vehicle illegally and without permission, with the intent of depriving the owner or possessor of its use: includes offences against section 218(2) (aggravated unlawful use of vessel, motor vehicle, caravan or trailer) where the offence causes injury or danger to the public, the vehicle is valued at $20,000 or more or other aggravating circumstances.

**Home Invasion**

Unlawful entry of a dwelling and causing serious damage: includes offences against section 226(B)(1)&(3) where the offence is of a serious nature or damage caused is greater than $5,000.

**Business invasion**

Unlawful entry of a business premises and causing serious damage: includes offences against section 226(B)(2)&(3) where the offence is of a serious nature or damage caused is greater than $5,000.

**Property Damage**

The wilful and unlawful destruction, damage or defacement of property (including vandalism, graffiti and interfere with a motor vehicle causing damage): includes offences against section 251(2) (criminal damage in general) where the damage caused is greater than $5,000, or is 50% or more of the value of the motor vehicle or was done during the commission of another crime.

**Final Orders**

Final orders are defined as court orders that imply a finding of guilt and carry an associated penalty for any offence. More than one final order may apply to any offence. Combinations of final orders are classified to determine the principal penalty for an offence.

The order(s) used in the analysis are all final orders made on the first occasion that a final order was made with respect to an offence. Thus, if a person receives a community work order for an offence and is later imprisoned for failure to perform duties required under the order, the principal penalty reported will remain a community work order.
Principal Penalty

The principal penalty applying to an offence is the court order that is perceived to be the most severe in relation to each offence. The comparative severity of court penalties is based on the sentencing legislation applying to aggravated property offences. All court penalties not “presumed” for aggravated property offences are classified as “Other” orders.

The principal penalties reported are:

- **Imprisonment**
  
  An actual term of imprisonment or a term of imprisonment that is partially suspended if conditions set by the court are satisfied.

- **Home Detention**
  
  Confinement to a residence within the hours specified by the court order, alone and when combined with fully suspended imprisonment orders.

- **Community Work Order**
  
  Compulsory participation in an approved project for up to 480 hours, with or without a fully suspended imprisonment order.

- **Other Order**
  
  All other final orders, including fully suspended imprisonment orders not combined with home detention or community work orders. “Other” orders include fully suspended terms of imprisonment, monetary orders and good behaviour bonds.
B GLOSSARY

<table>
<thead>
<tr>
<th>Term</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Aggravated Property Offence</td>
<td>An offence defined to be an ‘aggravated property offence’ in s. 3 of the Sentencing Act.</td>
</tr>
<tr>
<td>Assault</td>
<td>Common assault and aggravated assault where the assault is of a non-sexual nature.</td>
</tr>
<tr>
<td>Attempted Murder</td>
<td>Attempted, unlawful intentional killing of another person, where death did not actually result.</td>
</tr>
<tr>
<td>Break-ins</td>
<td>Unlawful entry with intent of dwellings and other premises. Referred to as ‘Unlawful Entry With Intent’ in previous issues. See also: Break-ins to Commercial and Other Premises; Business Invasion; Home Invasion; House Break-ins.</td>
</tr>
<tr>
<td>Break-ins to Commercial or Other Premises</td>
<td>Unlawful entry with or without intent to commit an offence where the premises entered is not a dwelling (includes business invasion offences, excludes trespassing).</td>
</tr>
<tr>
<td>Business Invasion</td>
<td>Unlawful entry of a business premises where damage caused is of a serious nature, or in excess of $5,000 in value.</td>
